

# Jobfind provides a range of recruitment services for employers

**Your staff are your greatest asset and we work hard to find the right people to achieve your business needs.**

## **No Cost Employment Assistance**

Servicing your vacancies, including detailing the skills and attributes you require, matching these against our database of job seekers and providing suitable candidates to review and/or interview.

## **Partnering with Jobfind means:**

- You will be provided with ongoing support after a job seeker is employed
- You will receive wage subsidies for eligible job seekers
- You can develop a skilled workforce to suit your business needs
- You will have access to our assistance and advice regarding human resources, work health and safety, wages and employment conditions
- You will be provided with necessary information, support and assistance with employing Indigenous job seekers – including information on available government initiatives
- Access to data analyses including labour market trends, skills shortages, future economic developments so that you can plan and recruit your future workforce accordingly
